

# Safety Tool Kit

## Comprehensive safety resources at your fingertips.

EH&S compliance and training are ever-changing and complex, especially when your company must adhere to state-specific and federal regulations. Now it's easy to find the information you need with the Safety Tool Kit from MSDSonline®.

Bring the knowledge of leading safety-industry experts to your company through one easy-to-use system. Our Safety Tool Kit gives you immediate, on-demand access to hundreds of safety training and assessment resources, inspection checklists, federal and state compliance analyses, safety best practices, OSHA regulatory developments and more.

### BENEFITS

- ✓ **Make Training Easier** – Our Safety Tool Kit has everything you need including downloadable and customizable training presentations, checklists, meeting schedules, quizzes and handouts.
- ✓ **Reduce Costs** – Minimize workers' compensation claims through training and effective accident investigation, and lower your legal fees by handling routine compliance questions yourself.
- ✓ **Work Smarter** – Find best practices from other companies as well as plain-English regulatory analyses, all from one convenient source on the Web.

### Hundreds of Training Resources

Save time and work with carefully researched training solutions, PowerPoint meetings, handouts, quizzes, and tool box talks – all customizable and downloadable.

### Compliance Analyses & Assistance

Avoid hassles and headaches with “plain-English” safety and health regulatory analyses, interpretations, notices of changes to federal and your state’s OSHA regulations, and more.

### Best Practices & White Papers

Do it right the first time with best practices, OSHA case studies and white papers from leading safety experts.

### Daily Safety News

Save time and trouble with valuable insight into new regulatory developments with daily news updates!
